AIR & VENTILATION

BLIT Industrial Wall Fan - 3 Blade

Available Models: BT110 - 24" | BT108 - 26" | BT109 - 30"

Heavy-duty wall-mounted industrial fan designed for efficient air distribution, space-saving installation, and continuous industrial operation.

KEY PRODUCT FEATURES

- **Copper-Wound Motor**
- **Heavy-Duty Construction**
- **Three-Blade Airflow Design**
- **Oscillating & Space-Saving Design**

Manufactured to strict British Standards, ensuring high durability, verified ratings, and dependable operation.

PRODUCT OVERVIEW & ENGINEERING DESIGN

The BLIT Industrial Wall Fan is designed to deliver powerful air circulation while saving floor space in busy environments. Featuring a high-torque copper motor and three balanced metal blades, the fan provides uniform air distribution with 90° smooth oscillation. Built with a rigid steel wall bracket and vibration-damped anchors for maximum safety.

TECHNICAL SPECIFICATIONS

TECHNICAL PARAMETER	SPECIFICATION & RATING VALUE
Model Designation	BT110 (24" / 600mm) | BT108 (26" / 650mm) | BT109 (30" / 750mm)
Operating Voltage / Frequency	220-240V ~ 50/60 Hz (Single Phase AC)
Motor Specification	100% Pure Copper-Wound High-Torque Motor
Fan Blade Configuration	3-Blade Aerodynamically Balanced High-Flow Metal Blades
Wall Mounting Bracket	Rigid Heavy-Duty Steel Wall Bracket with Anti-Vibration Bushings
Speed Control & Oscillation	3-Speed Selection with 90° Smooth Wide-Angle Automatic Oscillation
Safety Guard	Close-Pitch Powder-Coated Industrial Steel Mesh Guard
Recommended Applications	Factories, Warehouses, Production Lines, Commercial Kitchens
