AIR & VENTILATION

BLIT Super Duty Metal Exhaust Fan

Available Models: BT121 - 12" | BT122 - 16" | BT123 - 18" | BT124 - 24"

Heavy-duty metal exhaust fan engineered for powerful air extraction, efficient ventilation, and reliable industrial performance.

KEY PRODUCT FEATURES

- ✓ **Copper-Wound Motor**
- ✓ **Heavy-Duty Metal Construction**
- ✓ **Powerful Air Extraction**
- ✓ **Robust Industrial Fan Blade Design**

Manufactured to strict British Standards, ensuring high durability, verified ratings, and dependable operation.

PRODUCT OVERVIEW & ENGINEERING DESIGN

The BLIT Super Duty Metal Exhaust Fan delivers high-volume air extraction and dependable ventilation across demanding commercial and industrial settings. Featuring robust galvanised steel construction and high-efficiency ball-bearing copper motor, it rapidly extracts heat, smoke, and stale air.

TECHNICAL SPECIFICATIONS

TECHNICAL PARAMETER	SPECIFICATION & RATING VALUE
Model Designation	BT121 (12") | BT122 (16") | BT123 (18") | BT124 (24")
Operating Voltage / Frequency	220-240V ~ 50/60 Hz (Single Phase AC)
Motor Specification	Ball-Bearing Sealed 100% Copper-Wound Motor
Blade Impeller	High-Capacity Pressed Steel Impeller Blades
Shutter & Louvers	Automatic Gravity Backdraught Louvers (Airflow Activated)
Housing Material	Heavy-Gauge Galvanised Steel Frame with Anti-Corrosion Epoxy Coating
Ingress Protection	IP44 Dust and Splash Resistant Motor Housing
Recommended Applications	Commercial Kitchens, Chemical Stores, Warehouses, Workshops, Utility Rooms
